

A PUZZLING story

Teacher's notes.

This is a cut and paste activity so you might tell your students to have some paper and glue. What you have to do is the following. Print out as many copies as you need =) Cut the pieces of the story, remembering their sequence. Then mix them and hand out to your students (one copy per each person or per a team) and tell them to build up the story. Whoever finishes first is the winner.

<p>This is Roger He is a schoolboy. Today is his</p> 	<p>birthday. He is very happy today. He has got a party and a lot of big and small</p> 	<p>presents. They are so nice! He can open them later. How old is Roger? He is</p>
